Innovations in plastic packaging

A Success Story

In 1953 the enterprise rose plastic was founded in Berlin by Ernst & Rita Roesler.

It all started with a "whirling" idea! The production of household articles which at that time were sold at markets, fairs and in department stores by the company founders themselves!

In 1970 the first blow-moulded packaging tubes were developed and with this the company entered the "world of packaging".

Today, the rose plastic group with their headquarters in Hergensweiler (South Germany) are the world leaders in cutting tool packaging and one of the best known manufacturers of plastic packaging.

Headquarter

Germany

Production Locations

Germany, USA, China, Brazil

Subsidiaries

France, Great Britain, Spain, Korea

Sales Office

Italy

Sales Partners

Poland, Turkey, Japan

Worldwide Presence

Starting from within the European market, rose plastic global activities developed quite fast.

To guarantee worldwide availability of our high quality product range plus related customer service, we established production facilities in strategic locations – 1997 in the USA, 2004 in China and 2006 in Brazil.

The parent company, with its head office and design and development centre situated in the south of Germany (near Lake Constance) together with its numerous subsidiaries and sales partners in Europe and Asia, are happy to be at your service.

A Powerful Partner

For decades we have been engaged in the development and production of special plastic packaging.

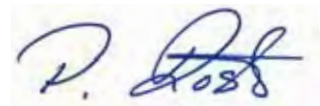

The secrets of our success lie in a comprehensive “know-how” of plastics processing, a team of capable professionals, all linked to efficient, cost effective production methods.

Futuristic ideas, innovative products in perfect quality, solutions to specific customer problems and a top class delivery service – these are the demands of today’s market and those which rose plastic successfully meet.

Our strengths lie in this complete service. We can give advice on the most suitable packaging, assist you in the creation of efficient, economical packaging processes.

The following pages will show you the options and resources which lie behind the rose plastic name, and the benefits you may expect from choosing us as your packaging partner.

Detailed information about our products can be found on our homepage www.rose-plastic.com.

Peter Rösler

Packaging Ideas for Your Products

In our design and development centre designers and technicians are working together with our product managers to launch new types of packaging for the most varied of applications in many different markets.

Here in Hergensweiler many customer-specific solutions are created, our customers' packaging and logistics procedures are optimised (examples can be seen on pages 29, 31 and 32).

The proof of our creative and highly inventive work is shown not only in our success but also in the numerous national and international awards we have been given.

Self-sufficient and Strong

Whether the demands are for ideas, production of prototypes or completely finished, printed packaging – rose plastic offers it all.

Thanks to our own well-appointed tool shops, shift working on state of the art production equipment and an ingenious logistics system, prompt supplies are the norm at our locations in Europe, America and Asia.

The Awards "Best Factory 1999" and "Employer of the Year" (2003) confirm the overall high ranking of our enterprise.

Standard Packaging

Applications for the standard range comprising QuadroPack, TwistPack, ScrewPack, etc. are universal. That is why many of these products – tried and tested a million times – are also shown in the other product categories.

Catalogue pages 6 – 17

Standard Packaging

Packaging for Cutting Tools

In the field of plastic packaging systems for cutting tools we are the world leaders.

We can pack and protect everything: from the smallest Microdrills to large Milling Cutter Heads, from Diamond Tooling to Welding Electrodes.

Catalogue pages 18 – 22

Packaging for Cutting Tools

Packaging for the DIY Market

A comprehensive range of presentation packaging perfectly suited to self-service marketing in the numerous DIY stores and builders merchants. Optimum consistent presentation of customers Corporate Identity: one size of label suits all packs: lends itself to automated packaging.

Catalogue pages 23 – 27

Packaging for the DIY Market

Packaging for Technical Applications

Whether it be standard packaging items or clever solutions to specific customer problems, we can overcome all sorts of logistical problems and problems of transportation of technical products, components and spare parts.

Catalogue pages 28 – 29

Packaging for Technical Applications

Packaging for Promotional and Consumer Items

Toys, writing materials, household goods, advertising gifts, confectionery, sports and leisure goods etc. – attractively packed or “self-service ready”.

Catalogue pages 30 – 33

Packaging for Promotional and Consumer Items

No Shortage of Things to Pack!

From precision tools to sweets, from sawblades to tennis balls, from masonry drills to thermometers, from shock absorbers to surgical implants, from ball bearings to bicycle accessories, from machine parts to rulers, from fountain pens to mailshots – there is hardly a range of products for which rose plastic packaging cannot be used, or for which we cannot find the correct packaging solution.

This catalogue does not solely show our standard packaging but a collection of ideas and impulses for the fields of packaging for cutting tools, packaging for the DIY Market, packaging for technical applications as well as packaging for promotional and consumer items.

Information on technical details and sizes available can be found on our homepage www.rose-plastic.com.

Standard Packaging

QuadroPack

Square telescopic protective packaging tube with ratchet length adjustment:

- infinitely variable telescopic length adjustment
- speedy efficient packaging and handling
- excellent for stacking and storage
- durable and reusable
- sturdy, oil and moisture resistant

Ideal solution for many products!

- Packaging for cutting tools
- Packaging for the DIY market
- Packaging for technical applications
- Packaging for promotional and consumer items

All dimensions in mm

Stock items:

available for prompt delivery, min. 1 box quantity

- Polypropylene (PP) for transparent

Non-stock items:

available subject to certain minimum quantities – please enquire

- in various attractive colours (PE and PP) as per colour range on page 34

Special versions:

please enquire

- special sizes
- special materials
- with hanging loop

Packing:

- outers and inners packed separately in individual cartons
- DP 80, DP 105 and DP 65/350 are packed assembled i.e. inners and outers in 1 carton

TelePack

Round telescopic packaging tube with ratchet length adjustment:

- infinitely variable length adjustment through ratchet mechanism
- square end prevents rolling
- durable and reusable
- sturdy, oil and moisture resistant

Ideal solution for many products!

- Packaging for cutting tools
- Packaging for the DIY market
- Packaging for technical applications
- Packaging for promotional and consumer items

FivePack, SplitPack

Multiple packaging system with individual detachable units:

- versatile packaging combining single unit with multiple packaging
- any number of single units possible – just detach as required
- user-friendly and efficient: detachable units avoid time consuming packing and repacking of single items
- each unit is reusable with hinged lid and snap-closure
- space saving and stackable

Ideal solution for many products!

- Packaging for cutting tools
- Packaging for technical applications

SplitPack

- 10 units
(SP 12 + SP 16: 5 units only)
- two-piece – separate base and lid
- two-tone pack therefore possible

FivePack

- 5 units
(4 x 40 and 6 x 40: 10 units)
- one-piece version
- base and cover firmly hinged together

SplitPack

RoseCase ProTec

RoseCase RCS

Packaging for Cutting Tools

QuadroPack, HexPack, TwistPack – the rose plastic standard range offers a variety of packaging solutions for the cutting tool market.

QP QuadroPack

Square telescopic protective packaging tube with ratchet length adjustment.

Ideal for milling cutters, shank tools, drills, toolholders, toolbits
 Ø 8 – 93 mm, L 50 – 620 mm

DP TwistPack

Round telescopic protective packaging tube with “twist-lock” length adjustment.

Ideal for side and face cutters and large milling cutter heads
 Ø 10 – 105 mm, L 50 – 1000 mm

SW HexPack

Hexagonal protective packaging tube with ratchet style length adjustment.

Ideal for milling cutters, shank tools, drills, toolholders, toolbits
 Ø 13 – 65 mm, L 50 – 620 mm

1 MK-Pack

Packaging box with “twist” closure. Centre inserts and adaptor rings available to prevent tool movement.

Ideal for large milling cutter heads, hobs, heavy precision parts
 Ø 80 – 180 mm, L 50 – 140 mm

2 SK-Pack

Packaging box with “twist” closure holds tool securely in place. Square or round bases available. Covers are length-adjustable.

Ideal for spindle-nose tooling with ISO 40, ISO 45 and ISO 50 arbors
 Ø 40 – 50 mm, L 40 – 355 mm

3 SZ-ColletPack

Packaging tubes with square plug closure to prevent rolling.

Ideal for ER-collets
 Ø 10 – 44 mm, L 25 – 66 mm

4 MK-Case

High quality packaging case. Double skin blow moulding. Durable, with fixing screw and separate compartment for accessories.

Ideal for large milling cutters
 up to 250 mm Ø, H max. 100 mm
 Further sizes in planning stage

5 UniBox

Square packaging boxes with hinge fastening.

Ideal for side mills, precision saw blades, diamond wheels and grinding disks
 Ø 35.5 – 250 mm, H 4 – 40 mm

6 TopPack

Top class single packaging with shankholding base (short) or telescopic version (without shankholding). Fixing adaptors and protective end adaptors available.
 Ø Shankholding plugs 2.35 – 32 mm; usable length 53 – 250 mm

7 TopPack Conical

Inner and outer tubes with internal conical ribs for protection of delicate cutting edges and perfect centering of tool.
 Ø 8 – 26 mm, L 60 – 208 mm

8 TopPack SoftLine

Impressive shankholding plugs with refined ergonomic shape.
 Ø Shankholding plugs 2.35 – 20 mm; usable length 53 – 154 mm

Ideal for end mills, shank tools and drills

9 TopPack XLine

Patented shankholding system, ideal for extra long shank tools.

Ø Shankholding plugs 4 – 12 mm; usable length 70 – 455 mm

UniBox

Square packaging boxes with hinge fastening.

10 Ideal for single inserts
 Ø 22 – 47 mm, H 4 – 19 mm

Rectangular, with internal compartments for optimum protection of cutting edges.

11 Ideal for sets of 3 hand taps to DIN and DIN ISO

LxW 18x55 – 82x133 mm, H 7 – 27 mm

Square with centre spigot.

12 Ideal for threading dies to DIN and DIN ISO

Ø 22 – 85 mm, H 8 – 40 mm

13 CombiPack

Multiple packaging with personalised compartment layout.

Ideal for profile blades, special inserts and special components

LxW 50x40 – 50x80 mm, H 8 – 13 mm

14 Protective End Caps

Avoids "dip-coating" of tools. Soft flexible PE material for easy fitting and removal.

Ideal for protection of delicate tool cutting edges

15 Foam Insert Pads

Round or square pads for additional protection of delicate products.

Ideal for many rose plastic packaging tubes or boxes

16 InsertSplitBox

Multiple packaging system with detachable individual compartments. Each individual compartment has its own reclosable hinge fastening.

Ideal for ceramic inserts

LxW 18x18 – 38x38 mm, H 8.5 – 16 mm

17 InsertBox

"Flat Pack" with inner compartments and sliding lid.

Ideal for carbide inserts

Version with 10 square compartments 10.5 – 25.7 mm, H 4.2 – 12.8 mm

Version with 5 square compartments 30x30 – 35x35 or 20.5x39.5 mm, H 10.5 – 15 mm

18 InsertBox HighS

Functional and user-friendly high quality design, individual layout of compartments is possible.

Ideal for carbide inserts

LxWxH 31x61.5x10.9 mm

LxWxH 37x94x6.5 mm

LxWxH 52x133x8.5 mm

Packaging for Cutting Tools

1 FivePack

One-piece versatile solution combining single unit with multiple packaging. 5 individual detachable units – lid and base hinged together.

Ideal for milling cutters, shank tools, drills

Ø 6 – 12 mm, L 55 – 112 mm

2 FivePack Cradle with "tool cradle" in the base part.

3 TopPack FoldBack

Reusable single packaging, tight fit of tool provided by optimised shank clamping device.

Ideal for micro drills and precision milling cutters

Ø 3 – 3.175 mm (1/8"),
Ø 3 – 6 mm,
L max. 70 mm

4 SplitPack

Multiple packaging with 5 or 10 individual detachable units.

Ideal for milling cutters, shank tools, drills

2-part – separate base and lid (4 x 40 und 6 x 40 one-piece version).

2-part with integral **shankholding fixings** in lid for cutting edge protection.

Ø 4 – 16 mm, L 42 – 126 mm

5 MicroVarioBox

Multiple packaging for 10 drills to DIN 1897, 338, 339, 334, etc.

Ideal for precision tools, micro drills, taps, end mills and diamond tools

Ø 1 – 3.175 mm (1/8"),
L max. 41 mm

6 MicroBox MB 1

High quality single packaging with "folding" back for secure removing of tools.

Ideal for micro tools, delicate milling cutters and drills

Ø 3 – 3.175 mm (1/8"),
Ø 3 – 6 mm,
L max. 75 mm

7 MicroBox MB 10

Packaging for 10 micro tools or PCB (printed circuit board) drills. Simple, easy handling – both sides of pack close simultaneously, to trigger an integral clamping mechanism, which holds tools securely in place.

Ideal for micro tools or PCB

Ø 3 – 3.175 mm (1/8"),
L max. 42 mm

8 MicroBox MB 50

High quality packaging box with integrated insert for 50 tools, with protective trays.

Ideal for PCB drills and micro drills

Ø 3.175 mm (1/8"),
L max. 38 mm (1 1/2")

Bulk Packaging and large, heavy drill / item packaging

Whether twist drills or shank tools, whether welding electrodes or hammer drills – the rose plastic packaging ranges of QuadroPack, HexPack, ScrewPack, Rectangular-Pack, etc. offer a variety of possibilities.

QP QuadroPack

Square telescopic protective packaging tube with ratchet length adjustment.

Ideal for twist drills, hammer drills, etc.

8 – 93 mm, L 50 – 620 mm

9 GripBox

Tool cassette – sturdy design, with ergonomical shaped body.

Size 3A 145 x 90 x 37 mm

Size 4B 185 x 115 x 63 mm

SW HexPack

Hexagon packaging tube with ratchet style length adjustment.

Ideal for twist drills, hammer drills, etc.

Ø 13 – 65 mm, L 50 – 620 mm

10 VarioBox

Adjustable length, multiple packaging for 10 drills to DIN 1897, 338, 339, 334, etc.

Ideal for twist drills and shank tools

Ø 4.25 – 10.6 mm, L 45 – 184 mm

RoseBox

High quality, functional generation of cassettes for the professional:

- modern design
- many attractive colours and colour combinations
- high quality impact resistant ABS plastics
- durable polyamid hinges
- excellent stacking
- safe integral closure with anti-pilferage system
- adjustable length "stop"

11 Varied range of inserts, ideal for...

● **Sets of all kinds of drilling tools**

(HSS-Drills, Masonry Drills, SDS Drills, Taps, Step Drills, Sheet & Tube Drills)

● **Precision- and shank tools**

12 With custom foam or vacuum formed inserts ideal for...

- **Precision- and shank tools**
- **Special kits of tooling, measuring tools, etc.**
- **Spare parts**

Available in 5 basic sizes, also available with clear window in the lid.

Size 1A 120 x 87 x 36 mm

Size 2B 146 x 100 x 42 mm

Size 3A 172 x 115 x 42 mm

Size 4A 200 x 115 x 42 mm

Size 4B 200 x 115 x 58 mm

Size 5B 200 x 167 x 65 mm

Packaging for Cutting Tools

1 RoseSet

Modern, eye-catching set packaging for presentation, storage and transport attractive "easy on the hand" design; crystal clear material of cover offers optimum presentation. Punched foam inserts in base for set layout possible – please enquire.

Ideal for sets of all kinds of tools and promotions

LxW 30x65 und 35x85 mm, H 75 – 145 mm

SetPack

Packaging for sets and kits. Foam inserts can help to customise set ranges.

Ideal for grinding, reaming, countersinking and other shank tools

2 MultiBox with foam inserts

LxW 30x65 and 40x75 mm, H 60 – 165 mm

3 ScrewPack with foam inserts

Ø 65 mm, H 45 to 200 mm and above

4 RoseCase

Quality reusable packaging with distinctive design! Light but extremely strong.

Ideal for sets of all kinds of tools, machines, assembly kits, etc.

For all types, versions and sizes of RoseCase, refer to the standard range on page 16.

5 UniBox

With foam inserts to customers' specifications.

Ideal for sets of all kinds of tools

For all UniBox sizes, refer to the standard range on page 14.

Large, heavy drill / item packaging

Various sizes of standard tubes

Ideal for hand and machine saw blades, planing knives, welding electrodes, etc.

QP QuadroPack

Ø 8 – 93 mm, L 50 – 620 mm

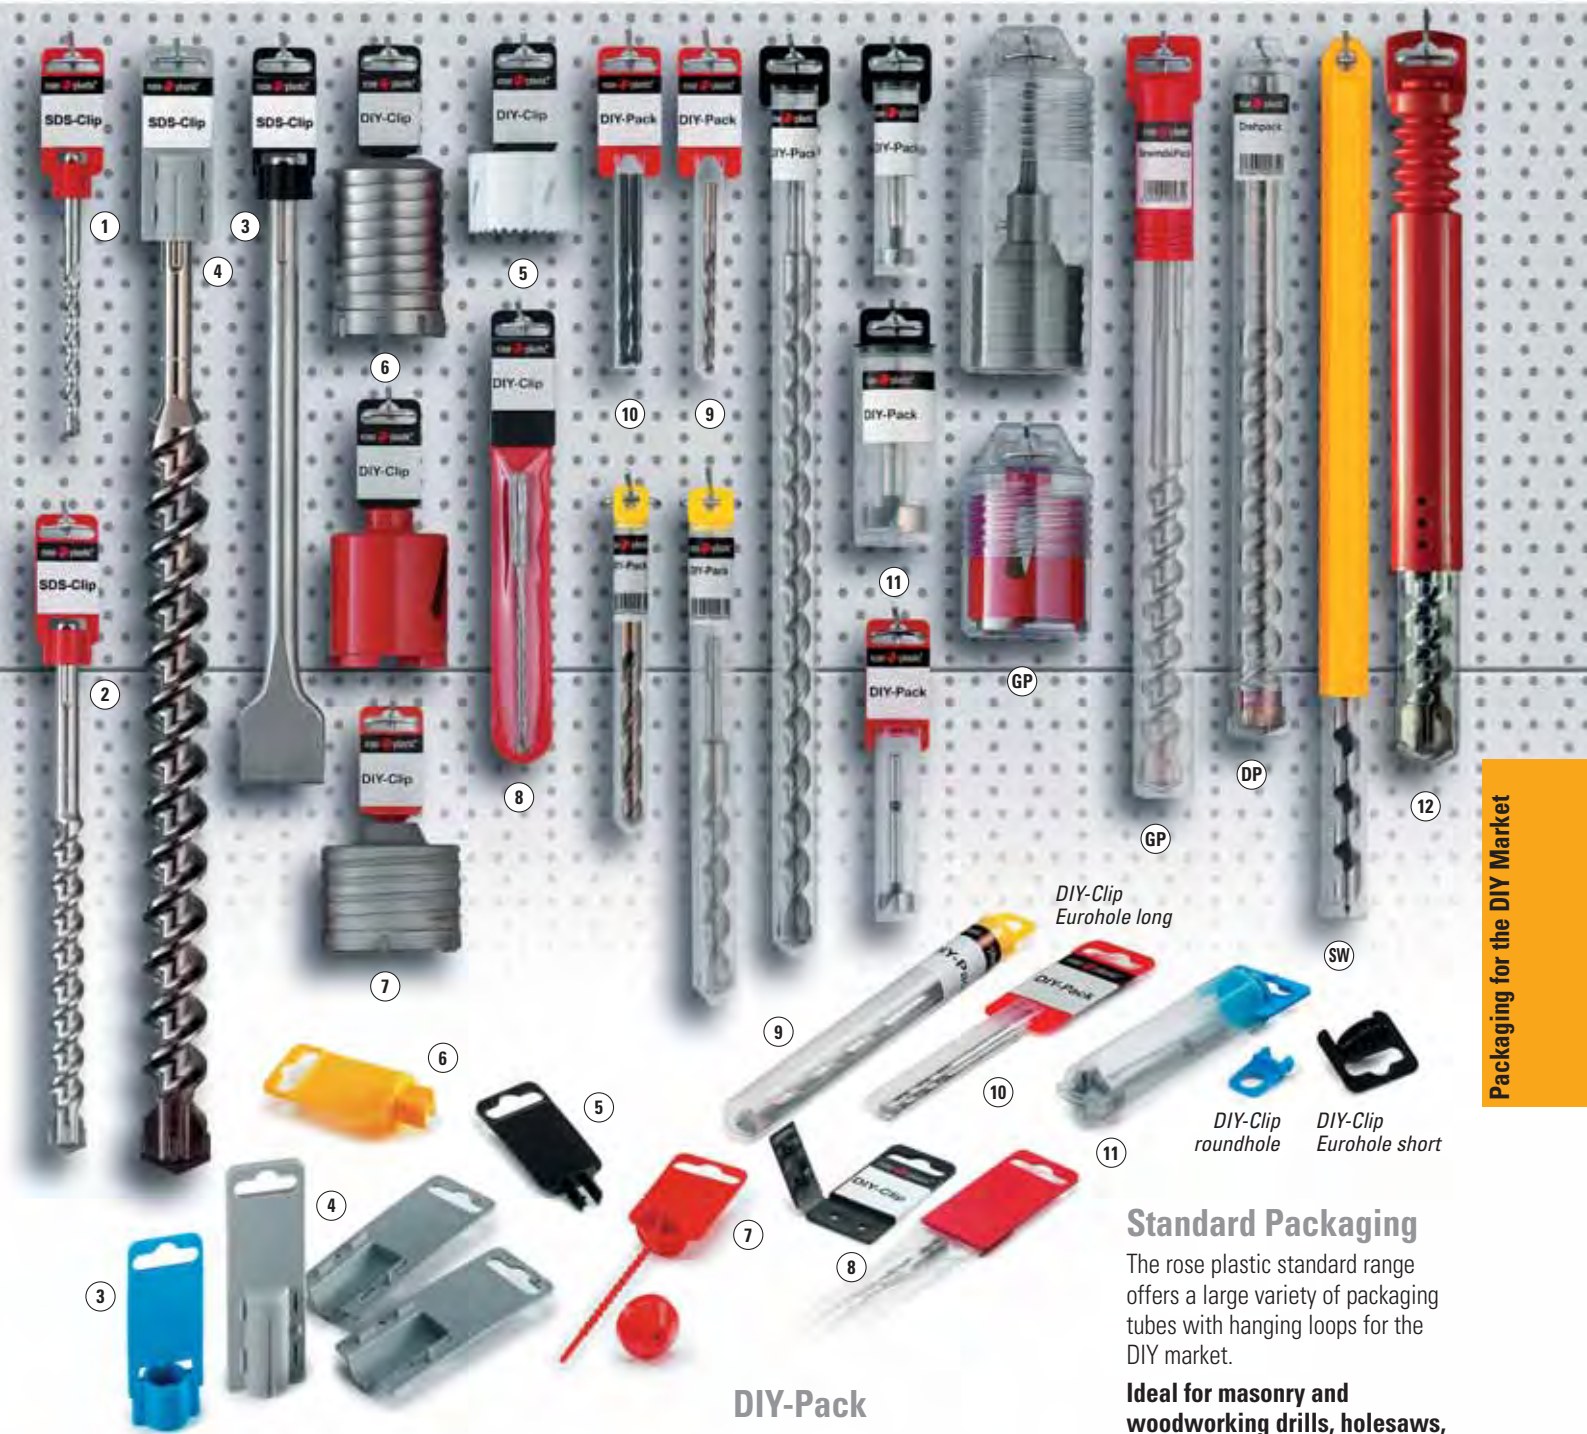

SW HexPack

Ø 13 – 65 mm, L 50 – 620 mm

RP RectangularPack

Ø 6 x 20 – 40 x 75 mm, L 50 – 780 mm

Packaging for the DIY Market

SDS-Clip

DIY-hanging clip: Clever patented system of display "hanging clips". One label suits all sizes of clip.

Ideal for masonry drills, chisels and accessories

- 1 shank holding SDS-plus
- 2 shank holding SDS-top
- 3 shank holding SDS-max
- 4 SDS-max II (Heavy Duty)

DIY-Clip

DIY-hanging clips in various versions.

Ideal for holesaws, electrical box sinkers, core drills etc.

- 5 with "ribbed sides"
- 6 with square plug + ribbed
- 7 with cable tie + fixing disk
- 8 DIY PouchClip for PVC/plastic sleeves

DIY-Pack

Packaging tubes with cleverly designed system of hanging plugs in different versions.

Ideal for any kind of drills

- 9 Round DIY tubes
Ø 10 – 35 mm, L 89–674 mm
- 10 Rectangular DIY tubes
Ø 7x15 mm, L 25 – 120 mm
- 11 Round DIY tubes for Forstner drills
Tubes have reinforced ends.
Ø 16 – 42 mm, L 95 mm

DIY-Clip Eurohole long

DIY-Clip roundhole

DIY-Clip Eurohole short

Standard Packaging

The rose plastic standard range offers a large variety of packaging tubes with hanging loops for the DIY market.

Ideal for masonry and woodworking drills, holesaws, electrical box sinkers and core drills

- DP TwistPack (see page 8)
- GP ScrewPack (see page 10)
- SW HexPack (see page 12)

12 VarioPack NT

Packaging tube with "bayonet lock" length adjustment and mechanism. Flexible "bellows" to secure tool firmly within the tube.

Ideal for heavy masonry drills
Ø 20 – 52 mm, L 200 – 900 mm

Packaging for the DIY Market

Packaging for the DIY Market

Bulk Packaging

Ideal for all kinds of drills

1 Round DIY-Pack

2 MultiPack

Infinitely variable length adjustment through ratchet mechanism. For 5 masonry drills:

Ø 8 – 12 mm, L 110 – 250 mm

3 VarioBox

Adjustable length, multiple packaging for twist drills and shank tools 10 or 5 compartments, depending on size:

Ø 4 – 10 mm, L 45 – 184 mm

4 SlimPack

Two-piece style packaging concept. Highly transparent plastic maximises product visibility, thin walled plastic for ultra lightweight.

Ideal for SDS drills

W x H 10 x 43 mm, L 170 – 185 mm

Standard Packaging

The rose plastic standard range offers a large variety of packaging tubes which are perfectly suited to bulk packaging – with or without hanging loop.

For HSS and masonry drills

QP QuadroPack (see page 6)

DP TwistPack (see page 8)

SW HexPack (see page 12)

Sets of Drills

An abundance of kit-/set-packaging solutions for professional or DIY use.

Round “Dial-a-Tool” Containers

with easy twist locking system. **ideal for ...**

5 sets of drills

6 sets of counter sinks

7 GripBox

The new DIY-tool cassette – sturdily designed with ergonomical shaped body.

Ideal for sets of drills

RoseBox

High quality, sturdy, functional generation of cassettes for the professional.

With a varied range of “pop up” inserts, ideal for all kinds of tools

8 HSS drills

9 Hammer drills

also for masonry drills, taps, countersinks, sheet & tube drills etc.

Packaging for the DIY Market

Drill Cassettes

Ideal for...

HSS drills (sets of 5 – 21 pcs.)

Masonry drills (sets of 4 – 8 pcs.)

Hammer drills (sets of 3 – 6 pcs.)

Wood drills (sets of 5 – 8 pcs.)

Combinations

(sets of 4+4 up to 5+5+5 pcs.)

11 Cassette FE, 2-part

Modern design, versatile. Clip-system holds drills securely in place. Space saving product presentation – insert in cover provides additional space for drills. Integral anti-theft feature.

12 Cassette FF, 3-part

Same appearance as FE, with integral insert for secure holding of drills. Integral anti-theft feature.

13 Cassette FA, 3-part

Traditional cassette with hinged cover. When cassette is opened contents are presented slanting backwards.

14 Cassette FB, 3-part

Same appearance as FA cassette, with hinged cover. When cassette is opened contents are presented upright between back and cover.

15 Cassette FC, 2-part

Economy cassette version with sliding cover. High quality, sleek design. Back with integrated compartments.

16 Cassette FD, 2-part

Economy cassette version with sliding cover. Back with integrated compartments.

Packaging for the DIY Market

Packaging for the DIY Market

Sets of Jigsaw Blades

The rose plastic range also offers a wide variety of cassettes for this market sector – for sets from 5 – 14 pcs.:

- 1 **Cassette FE, 2-part**
- 2 **Cassette FF, 3-part**
- 3 **Cassette FA, 3-part**
- 4 **Cassette FC, 2-part**
- 5 **Cassette FN**
- 6 **Round "Dial-a-Blade" Container**

Bulk Packaging

Packaging tubes with infinitely variable length adjustment and Euro- or round hole hanging loops.

Ideal for jigsaw blades

- 7 **Rectangular Pack**
Ø 8 x 36 mm, L 80 – 240 mm
Ø 9 x 45 mm, L 80 – 200 mm
Ø 10 x 18 mm, L 80 – 200 mm

Ideal for reciprocating saw blades

- 8 **RectangularPack**
Ø 10 x 22 mm, L 100 – 400 mm
- 9 **QuadroPack**
Ø 26 – 45 mm, L 80 – 350 mm

- 10 **DiscClip**
- 11 **DiscPack**

Ideal for circular saw blades, diamond and carbide discs:
Touch & feel packaging concept.
Ø 100 – 240 mm

Packaging for Profile Cutters

For shanks Ø 6 and 8 mm, tool dimensions up to Ø 40 mm, height up to 70 mm.

- 12 **DIY-Box for profile cutters**
Base with "stepped" hole to accept different shank diameters. Separate "pop on"-cover.
- 13 **DIY-FlapBox for profile cutters**
With flap mechanism and innovative safety closure.

Bit Packaging

Modular design bit packaging with different inserts and hanging loops, 3-part.

- 14 **BitPack Six**
with flexible insert for 6, 9 or 11 bits plus bit holder
- 15 **BitPack Magnum**
holds 30 bits plus a bit holder

Further bit packaging:

- 16 **BitPack Cross**
Space saving bit box for 9 bits plus a bit holder, can be used as a screwdriver – in two positions.
- 17 **Cassette FC, 2-part**
- 18 **Round "Dial-a-Bit" Containers**

You have a specific type of problem? We always have the perfect solution to suit your product!

Packaging for the DIY Market

DIY Clip - cable tie version

DIY Clip for sockets

Powerful, commanding point of sale!

- 19 DIY-Clip
- 20 DIY-Pack
- QP QuadroPack
- RP RectangularPack
- GP ScrewPack
- DP TwistPack
- UB UniBox, etc.

rose plastic DIY packaging is not simply for the attractive packaging of tools. A – Z, from auto accessories to zoological equipment (e.g. aquarium) – this programme covers the widest possible range of applications.

RoseCase RCS

Elegantly designed cases with functional snap-down handle.

Foam inserts and vacuum formed inserts available. Endless applications possibilities – e.g. as protective “envelope” for mailing

21 RoseCase RCS

WxHxD 148x105x32 mm, 105x240x35 mm

22 RoseCase ErgoLine

Modern design, quality reusable packaging. Light but extremely strong.

Ideal for sets or kits of all kinds of tools, machines, assembly kits, etc.

WxH 180x125 – 421x290 mm, D 42 – 132 mm

23 RoseCassette

Ergonomically optimised cassette system made from lightweight plastics.

WxHxD 312x212x53 mm

24 RoseCase ProTec

Technically designed product – torsion stiffened case shells, 180 degree wide opening closures.

WxH 228x136 – 382x237 mm, D 42 – 100 mm

Packaging for Technical Applications

Standard Packaging

rose plastic standard products make up a large portion of the technical packaging range.

- **QuadroPack** (see page 6)
- **TwistPack** (see page 8)
- **ScrewPack** (see page 10)
- **PlugPack** (see page 11)
- **UniBox** (see page 14)

More than 2000 different items are available for delivery from stock.

Here are a few examples of packaging applications, to prompt ideas for your own solutions!

QuadroPack ideal for...

- 1 Bellows couplings
- 2 Electronical components
- 3 Drive shafts

Specialised customer protective transit packaging

For years now sturdy, economical, reusable packaging for optimum protection of products and assembly parts, has been an essential requirement in many branches of industry.

Our comprehensive "know-how" puts us in a strong position to tackle these problems together.

Here are a few examples to consider:

- 22 Needle bearings
- 23 Ball bearings
- 24 Carriers for highly sensitive PTFE gaskets
- 25 Special packaging for PTFE seals
- 26 Auto-packaging for piston rings – centrally located
- 27 Protective caps for universal joints
- 28 Special grease-cartridge
- 29 Packaging sleeves for plastic needle bearing assemblies in the Auto Industry

Packaging for Promotional and Consumer Items

Packaging for Promotional and Consumer Items

Looking for striking, sales oriented product packaging; want an unusual form of mail shot; or do you need a cool advertising gift? ...in rose plastic, you are talking to the right people.

Year on year at our design and development centre in Hergensweiler, our designers and technicians create remarkable solutions to a host of extraordinary packaging requests.

These two pages give a brief insight into our ideas and capabilities.

Standard Packaging

Items from our standard range...

- **ScrewPack** (see page 10)
- **TwistPack** (see page 8)
- **QuadroPack** (see page 6)
- **RectangularPack** (see page 7)
- **UniBox** (see page 14)

offer wide-ranging applications:

1 Standard ScrewPack in merchandiser for sports and leisure articles

2 Standard ScrewPack for glass bottle protection

3 Standard ScrewPack for dental hygiene set

4 ScrewPack for barbecue set, with practical carrying strap

ScrewPack with carrying cord for

5 Juggling balls

6 Sweets and novelties

7 Quality espresso coffee-cups

8 TwistPack for shuttlecocks

9 QuadroPack with carrying cord for infants training shoes

10 UniBox with backing card for magnet markers and bath salts

11 UniBox as practical travel pack for ear plugs

12 RoseBottle

Practical, attractively shaped drink bottle with or without "safe" (compartment)

Ideal product packaging with secondary use

Looking for your own personalised packaging?

HolidayBox

Attractive, protective presentation sleeve with screw closure and carry handle.

Ideal for presentation of high quality products

- 13 Presentation pack for bottles
- 14 Golf balls
- 15 Toy building blocks
- 16 Swimming goggles

RoseSet

This attractively shaped box offers countless packaging applications.

- 17 Briefs
- 18 Cosmetic and toiletry set
- 19 As pictured here, RoseSet serves as a presentation pack for a torch set, with or without hanging grip.

20 VarioPack

Whether the quality version with length adjustable carrying strap, or the simple version with cord, this portable tube is ideal to transport drawings, plans, presentations, charts, posters etc.

Length adjustable by bayonet fixing the VarioPack is easily fitted to the document to be carried.

21 ConsumerBox

Packaging box for e.g. memory/flash cards, deck of cards, vernier calipers etc.

22 RoseCase ErgoLine

Highly functional and sales boosting design with versatile combination options.

23 SlimPack

Ultra lightweight, two-piece style packaging concept eg. for crayons, pencils, felt-tips or office and writing materials.

Bespoke Customer Solutions

Promoting sales across the board!

Our strengths lie in the development of individual packaging, and our creative ideas have already brought ourselves and our customers many design awards

- 1 Packaging sleeves with retractable hanging loop, for quality writing materials
- 2 Round and triangular packaging tubes with plug closure, for stainless steel ballpoint pens

- 3 Square packaging tubes with plug closure for cosmetic products

- 4 Round advertising and promotional packaging with Push-Fit cap for drinking glass and coaster

- 5 HolidayBox with three separate sections and carry handle, for decorative stones

- 6 Round packaging tube with Push-Fit cap in translucent colours, for water carafe

- 7 Triangular tube single packaging for expensive triangular scale rulers

- 8 Two piece triangular tube for 12 branded crayons

- 9 DIY hanger for (plumbing) hoses of various diameters

- 10 RoseCase RCS with vacuum formed insert for dental products

- 11 Blow moulded packaging for Zebra Fineliner-Packaging – soft design and striped corporate decor. Won German Packaging Award 2005

- 12 QuadroPack embossed with customer logo

- 13 Packaging sleeve with retractable hanging loop, for 10 Gel Pens

Looking for your own personalised packaging?
Please come and discuss your requirements!

Derived from the HexPack a new range of packaging for SDS drills was created, which reflects the customer's corporate image.

- 14 Flexible container sharpener for pencils and crayons
- 15 Packaging concept with strong sales appeal, for a rollerball pen with ergonomical design for right- or left-handed people
- 16 Highly transparent packaging tube with screw closure and customized surface finish, for high quality dental products
- 17 TwistPack "evidence tubes" with Metal End Caps on outer and inner, to avoid risk of injury

- 18 Bulk packaging
- 19 Large, heavy drill packaging
- 20 DIY-Clip with special clip mechanism
- 21 Rounded triangular for single or bulk packaging of high quality solid carbide tools
- 22 Insert-SplitBox with special closure system – produced to customers own design
- 23 High quality "self-service" packaging for tools and hand tools, to customers own design
- 24 Exclusive single packaging for solid carbide drills – born out of the TopPack range

- 25 Customised TelePack tube for tools with centre spigot/point
- 26 Metal Drill Cassette with distinctive lid design
- 27 Promotional "incentive" pack

From the concept to the finished pack – rose plastic... the "one-stop" shop.

Services

All our activities are driven by our **customers** and their satisfaction: **quality** and **reliability** are of course of vital importance in our aim for **total service**.

Consultancy Service

We do not offer a service on packaging items alone. We are always pleased to help you optimise your whole logistical operations – product loading, transportation, disposal. We can give advice on the implementation of reusable packaging systems, or on the correct choice of machine for automated packaging and suggestions for labelling systems.

Availability

So that we can offer our customers globally the complete range of products and the same consistent standards of quality and service, our organisation has been structured to provide production plants, warehousing and distribution and sales representation worldwide.

Packaging

We supply in corrugated carton with standard sizes.

Environmentally Friendly Raw Materials

rose plastic range of standard packaging is produced from fully recyclable materials like PE, PP and PS.

Our products are manufactured using 100% pure materials and fully material coded for recycling purposes.

Colours

All products can, subject to certain minimum quantities, be supplied in colours. Choose from the chart of standard colours below. Actual colour samples are available upon request.

Printing

Whether hot-foil, silk screen or tampon – rose plastic packaging lends itself exceptionally well to printing.

Hanging Loop

In addition to all the DIY packaging shown in this catalogue, the majority of rose plastic standard products are, subject to certain minimum quantities, available on request with hanging loop – simple round hole or Eurohole.

Quality management

We continually work to improve our processes and optimise them to the advantage of our customers. rose plastic is certified according to DIN EN ISO 9001:2008.

Note

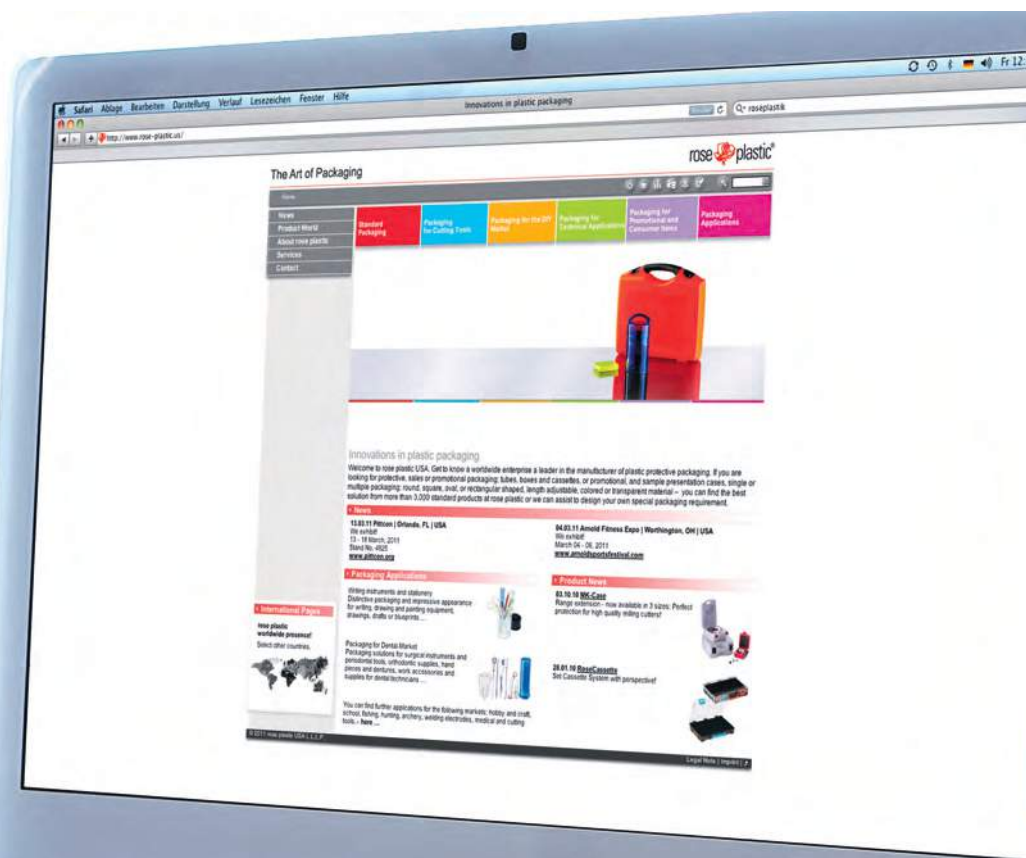

All dimensions shown in this catalogue are in mm. Technical modifications and availability are subject to amendment without notice.
